

# Your UnitedHealthcare pharmacy benefit program

We want you to find a pharmacy benefit that fits your needs, offers true value to you and your family, and is easy to use and to know.

We want you to get the most from your pharmacy benefit.

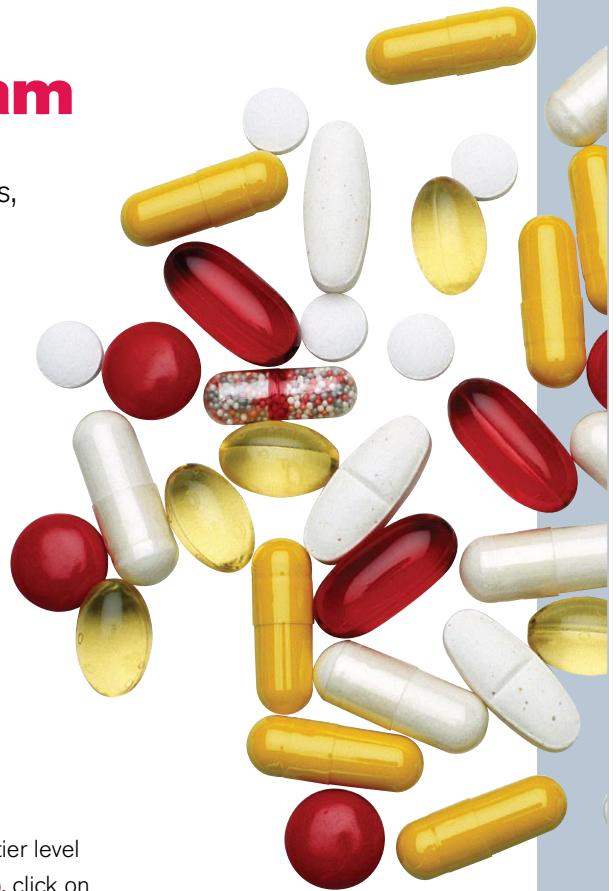

We have tools to help you and your doctor to choose the right medications for you and save money.

## The right medications for you

- ▶ Show your ID card at the pharmacy to get the most out of your pharmacy benefit
- ▶ Coverage for a wide choice of medications to meet you and your family's needs
- ▶ When selecting a medication, you and your doctor should consult the UnitedHealthcare Prescription Drug List (if applicable)
- ▶ To determine if a medication is covered by a plan's pharmacy benefit, its tier level (if applicable) and the estimated cost, visit [www.welcometouhc.com/shbp](http://www.welcometouhc.com/shbp), click on "About Your Benefits" and then click on "Pharmacy" or call Customer Care for the most up-to-date information
- ▶ 2,100 participating pharmacies for you in the State of Georgia and more than 63,000 in the United States
  - To find participating retail pharmacies near you, visit [www.welcometouhc.com/shbp](http://www.welcometouhc.com/shbp), click on "About Your Benefits" and then click on "Pharmacy". Here you will have access to pharmacy listings and to find a local pharmacy by zip, city or state.
  - Once you are a UnitedHealthcare member, our Web site, [myuhc.com](http://myuhc.com)<sup>®</sup> gives you convenient and secure access to the latest technology and tools to let you compare medications and understand benefit options. Simply log in to [myuhc.com](http://myuhc.com) and click on "Pharmacies and Prescriptions."

After you log in, you can access:

- Payment, pricing and coverage information about most prescription medications
- Information about lower cost medication alternatives
- A list of participating retail pharmacies by ZIP code
- Your prescription history

# Match up your pharmacy benefit to your needs

	Definity HRA	High Deductible Health Plan	Choice HMO	PPO
Coverage for majority of FDA* approved prescription medications				
Generic medications are the lowest cost option	Most of the time **see below			
Some brand name medications are the lowest cost option				
Prescription Drug List with Tiers				
For certain medications supply limits and benefit rules may apply before buying the prescription				
I pay co-insurance (after the deductible is met)				
I pay co-payments (do not apply to the deductible)				
My prescription costs are applied to the deductible				
Copay/Co-insurance Waiver Program				
The SHBP funds dollar credits to your HRA each year for medical and pharmacy expenses				
I can request my prescription be filled with a brand name medication when a generic is available. I will then pay more than my co-insurance or co-payment.				
In and out of network benefits (see the Benefit Grid for co-payment or co-insurance amount)				

 = yes

\* U.S. Food and Drug Administration

\*\* While generics are typically less expensive than the brand, that may not always be the case, so be sure to check prices on the Web site to look at all of your options or call Customer Care
